**RE: NOTICE OF VIOLATION  
RCRA § 3007 Information Request  
American Shoring, Inc. - EPA ID No. NYN 008 028 391  
PVE Sheffler File #561015**

Dear Mr. Brown:

We are in receipt of your letter dated May 13, 2016 requesting a sixty (60) day extension to respond to our Notice of Violation and 3007 Information Request Letter (NOV-IRL) dated May 5, 2016. It is understood that you have been retained by American Shoring, Inc. to assist them in responding to our NOV-IRL and represent them in their response.

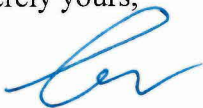

In your letter, you stated that American Shoring is reviewing all of its processes that generate solid waste and that it has modified its operating practices to properly containerize, label, and store its waste. You also stated that the additional sixty (60) days needed to respond to our NOV-IRL is due to the effort required to identify all waste types and quantities generated by American Shoring's operations.

Although this undertaking should be the initial and fundamental effort for any generator of hazardous waste, and that this knowledge should have been known at the time of the March 16, 2016 inspection, we will grant you a forty five (45) day extension which would make your complete response to the NOV-IRL due on or about July 27, 2016.

Please be aware that failure to adequately respond in a timely fashion may subject American Shoring, Inc. to enforcement action, including monetary penalties.

Please direct any questions you have concerning this matter to Mr. Ronald Voelkel at (212) 637-1470 or [voelkel.ronald@epa.gov](mailto:voelkel.ronald@epa.gov).

Sincerely yours,
